

Macau Upgrade Success!

Damarel have just completed a successful system upgrade at Macau International Airport as part of their recent contract renewal.

As the sole ground handler at MFM, Menzies exclusively uses a tailored suite of Damarel's class leading products at both check-in and boarding for all hosted and non-hosted carriers. Products installed include Babel, Embark LBA2 and L-DCS.

Damarel have also helped Macau to meet the IATA Bar Coded Boarding Pass requirement making them 100% 2D BCBP compliance, well ahead of the December 2010 deadline.

To find out how Damarel can help you automate your operation, please contact us by email info@damarel.com or by telephone on +44 (0) 1252 783787.
